MGMI PROMOTES THE CAUSE OF MINERAL INDUSTRY SINCE 1906

Preamble

The Asian Mining Congress and International Mining Exhibition, a biennial event organized by the Mining, Geological & Metallurgical Institute of India (MGMI) provides a forum for the miners, machinery manufacturers, planners and policy makers to discuss the various issues affecting the mining industry in the Asian region in particular, and also in the rest of the world. The event provides an unrivalled opportunity for the manufacturers of mining machinery in the world to showcase their products and do business. The first AMC and Exhibition were held in January 2006 to commemorate the centenary of MGMI, the 2nd AMC was held in January 2008, the 3rd AMC was held in January 2010, the 4th AMC was held in January 2012 and 5th AMC was held in February 2014. These events were highly successful with participation of about 20 countries spread over different parts of the world along with large participation of various mining companies in India. The 6th Asian Mining Congress and Exhibition in this sequel will be held from 23 - 27 February 2016 in Kolkata.

Background

Asia, the world's biggest continent, is also the world's largest raw material producer, to the tune of 10 billion tonnes per year, accounting for 56% of world total mineral production. With its huge area and geological diversity, it is likely that virtually every kind of deposit is present somewhere. The outlook for development of the mineral industry is promising and it will play a major role in the global economy to achieve its full potential.

The Congress will provide forum for promotion and support of techno-scientific cooperation towards national and international progress in the areas of mineral production, in addition to the development of new opportunities of sustainable business that will benefit both Asian and world societies.

Theme

Resurgence of Mineral Industry in Asia

Lead topics

- » Status of Mineral Industry in Asian Countries: Resources and Exploitation
- » New Mineral Development Projects in Asian Countries
- » Oil and Gas : Petroleum, Natural Gas, Coal Bed Methane (CBM), Coal Mine Methane (CMM), Shale Gas, Underground Gasification of Coal (UGC), Coal Liquefaction, etc.
- » Advances in Technology : Exploration & Mining in Opencast & Underground
- » Modern Mining Techniques : Opencast and underground Mining.
- » Mineral Processing and Coal Beneficiation.
- » Environment, Safety and Health issues.
- » Investment opportunities in Mining Industry.
- » Green Mining for sustainable future.
- » Import, Export trading scenario
- » Logistics & Infrastructure Development

Participation

The Congress aims at global participation of professional managers, planners, policy makers, equipment manufacturers, scientists and academicians to interact on the various issues related to the Mineral Industry in Asia. All the major mineral producing countries in Asia will be requested to present country status papers. Besides Asian Countries, leading mineral producing countries in different parts of the world are expected to participate.

Call for papers

Besides technical papers from identified invited authors, technical papers are invited from interested participants on the lead subjects identified above for the Congress. Necessary guidelines will be sent to the interested authors on receipt of request. Authors will be notified on the acceptance of their paper on the basis of the abstracts received by the Congress Secretariat by **October 31, 2015**. Final papers are required by **December 31, 2015**. The full paper with black & white illustrations may be submitted in duplicate A4 size hard copy and also as soft copy, preferably in CD or by e-mail along with brief Biographical Sketch of authors (not more than 100 words) and two passport-size photographs.

Highlights

There were very good response worldwide for the Conferences and for the International Mining Exhibitions (IME 2006, 2008, 2010, 2012 & 2014) which were concurrently organized. With participation of around 600 delegates from about 20 countries. These events could be termed as 'Mini World Mining Congress'. There were useful contributions from Asian countries such as Bangladesh, China, Indonesia, Iran, Mongolia, Oman, Nepal, Pakistan, Russia, Thailand, Turkey etc. as well as contribution by eminent experts from the Indian Mineral Industry. The Proceedings Volume was enriched by valuable contributions by experts from Australia, Canada, France, Germany, Poland, South Africa, Sweden, U. K. and U.S.A.

Tentative Programme

6th Asian Mining Congress & IME 2016

23 rd February 2016	Registration for Congress 7.00 p.m. & Welcome meet	
24 th February 2016	Registration (continues) 09.00 a.m. 10.00 a.m. Inauguration of Congress 6th AMC & IME 2016 11.00 a.m.-05.00 p.m. Plenary Session, Technical Sessions.	
25 th February 2016	10.00 a.m.-05.00 p.m. Technical Session 6th AMC & IME 2016 continues	
26 th February 2016	10.00 a.m.-03.00 p.m. Technical Session, Panel Discussion 6th AMC & IME 2016 continues 03.00 p.m.-05.00 p.m. Valedictory Session 6th AMC 2016	
27 th February 2016	10.00 a.m.-03.00 p.m. IME 2016 Exhibition concludes	

Delegate Registration Fee

Indian Delegate	INR	₹ 20,000
Accompanying Spouse of Indian delegate	INR	₹ 10,000
Overseas Delegate	USD	\$ 1,500
Accompanying Spouse (Overseas)	USD	\$ 750
Delegate from SAARC Countries	USD	\$ 1,000
Accompanying Spouse (SAARC) Countries	USD	\$ 500
Indian Authors	INR	₹ 10,000
Overseas Authors	USD	\$ 500
Faculty from Academic/ Research Institutions in India	INR	₹ 10,000

Promotional Opportunity and Sponsorship

The Congress will provide a unique platform to promote Mining Organizations, Oil industries, Equipment manufacturers etc. Given below is a snapshot of the category of sponsorships available, the quantum of sponsorship and benefits to the sponsors.

Facilities to be Provided

Category	Fee	Free Advertisement in Souvenir & Display in Banner	Free Delegates
Principal Sponsor	INR ₹ 20.00 lakhs USD \$ 40,000	One Full page	20
Platinum Sponsor	INR ₹ 15.00 lakhs USD \$ 30,000	One Full page	15
Gold Sponsor	INR ₹ 10.00 lakhs USD \$ 20,000	One Full page	10
Associate Sponsor	INR ₹ 5.00 lakhs USD \$ 10,000	Half page	5
Lunch/Dinner Sponsor	INR ₹ 10.00 lakhs USD \$ 20,000	One Full page	10
Presentation Facility	INR ₹ 5.00 lakhs USD \$ 10,000	20 Minutes presentation of Products.	2

Sponsors will be duly acknowledged in the Conference and will be allowed to distribute publicity materials in conference kits.

Advertisement tariff (Colour) in Congress Souvenir Volume

» Back Cover Page	INR ₹ 1,00,000 / US \$ 2,000
» Inside Front Cover Page	INR ₹ 75,000 / US \$ 1,500
» Special Page	INR ₹ 60,000 / US \$ 1,200
» Inside Back Page	INR ₹ 50,000 / US \$ 1,000
» Full Page	INR ₹ 20,000 / US \$ 400

Payment

All payments are to be made by Demand Draft drawn in favour of "6th Asian Mining Congress" payable at Kolkata. Name of the Bank: **State Bank of India**, Name of Branch: **SLEC, Kolkata - 700 091.**

SWIFT No. SBI IN IN 138.

6th International Mining Exhibition 2016 (IME 2016)

6th International Mining Exploration, Mineral Processing Technology, Metals & Machinery Exhibition organised concurrently with the 6th Asian Mining Congress, on 23-27 February, 2016 at Salt Lake Stadium Ground, Kolkata will offer excellent business opportunities for the mining and mineral industry. The four-day power packed international exhibition will have display of Mining Machinery, equipment, latest Technologies & their innovative applications etc.

The event will be an excellent platform for CEOs, Entrepreneurs, Consultants, Senior Government Officials, and Decision Makers and Trade Delegations to congregate, brainstorm, showcase and forge meaningful partnership for doing business.

Highlights

- » Participation of leading Mining Equipment & Machinery Manufacturers from Asia, Africa, America and Europe.
- » Group Participation from Mineral Rich Countries and States of India.
- » Participation of Industry Giants and SMEs.
- » Structured Visitor Promotion and Publicity to Invite High Purchase Buyers.
- » Buyer Seller Meet
- » Participation expected from:
 - 30+ Countries □ 300+ Stalls □ 800+ Delegates □ 20,000+ Trade Visitors

India: The Host Country

India Gate

India is a wonderful country of great diversity, from the exotic scenic beauty of the great Himalayas with eternal snow capped mountains in the north to the luxuriant coconut groves of the Malabar Coast in the South; from the desolate loneliness of the deserts and dotted with beautiful palaces in Rajasthan in the west to the rich cultivated thickly populated Gangetic plains in the east. It has more than 7600 km long beautiful coastline, which attracts tourists round the year. India has a civilization which is more than 5000 years old. The glories of the past stand side-by-side with wonders of modern science and engineering. India has a great and stirring past. There is indication that her future will be even greater.

Kolkata: The Host City

Kolkata is a vibrant modern metropolis of 10 million plus population and is the Gateway to Eastern and Northeastern States of India. The city is well connected by international and domestic airlines and also by rail network with rest of the country. Kolkata is appropriately regarded as the cultural capital of India for its immense contribution in these fields. Kolkata has a very pleasant climate in the month of February when the maximum day temperature is around 22-24°C and nights cool down to 12-14°C.

Kolkata is also aptly called the Mining capital of India too because of its proximity to major coalfields and metal mining belts. Headquarters of Geological Survey of India(GSI), Coal India Limited(CIL), Hindustan Copper Limited (HCL)etc. are also located in Kolkata. Academic and Research Institutes on Mining like Indian School of Mines (ISM), Dhanbad, Indian Institute of Engineering Science and Technology(IEST), Shibpur, Indian Institute of Technology(IIT), Khargpur, Central Institute of Mining and Fuel Research(CIMFR), Dhanbad, Directorate General of Mines Safety(DGMS), Dhanbad etc. are all located within a radius of 250 km distance from Kolkata.

Organizer

The Mining, Geological & Metallurgical Institute of India (MGMI)

MGMI has been promoting the cause of the mineral industry since its inception on 16 January 1906. It has been on the forefront of professional societies in mining and geosciences around the world. MGMI has always provided a forum for sharing experiences and learning of the latest in best practices

and technology. The Institute presently has around 2800 members serving the mineral industry and diversified its valued activities in various fields. The institute is having its headquarters and one of its branch office in Kolkata with 18 more branches throughout the country.
